

Greetings and God bless you all.

Our network is growing with Pastors taking out credentials with us and assemblies joining us, and the conditions are improving.

The National Leadership Team of the Apostolic Church are presently making decisions to give us more freedom of movement, and thereby giving more room for the Apostolic and Prophetic to develop. Thank You Jesus.

U.S.A.

Paul and Patty are having tremendous growth as they move with greater freedom and authority in the Apostolic and Prophetic.

Turbo Cat is quickly coming into being and will be manufacturing and marketing children's clothing with profits going to missions and orphanages etc.

Philippines

Davao Rehab Centre is presently housing 30 school drop-out youth. They are disadvantaged and have been abandoned by their families.

The training arm of the centre is - Integrated Literacy and Livelihood Program.

Literacy is a program adopted by the governments education department. It is an alternative learning system with accreditation equivalence. It gives opportunity and hope for undergraduate youth to be accelerated and graduated to High School once they have passed the national examination.

Another aspect of the training arm is - Livelihood technical training for youth on basic skills.

They consist of:

- * motorcycle repair and basic welding. This is in collaboration with the governments state university and other government agencies and social welfare.
- * Sewing and dressmaking school is for the teenage girls and local adults.
- * Pigs and chickens are being farmed on the property so as to cover the running costs of the centre. This is an enormous success.

The Technical Training School, the Dressmaking School and the Farming Project are all making profits. That is, they are covering the running costs of the centre, plus a profit.

This is the Lord's doing and it is marvelous in our eyes. Thank You Jesus.

Just imagine - we could be looking for sponsors to run this centre at a total cost for 30 youth, 4 house parents, 3 specialised trainers and one farm hand. This would be approximately AUS\$4,000.00 per month.

It is costing us nothing and they are making a profit and they are teaching the Gospel in a live-in rehabilitation centre for disadvantaged drop-out youth.

Free enterprise mixes well with the Gospel and is far more in keeping with the Epistle of James than the social welfare driven gospel.

This centre was a AUS\$2,000.00 project that blew out to AU\$4,000.00. All we did was pay

for the building materials and supply the pigs etc.

It is our intent to multiply this over and over again and it is our hope that you will do whatever fundraising imaginable so as to get behind this with your finances.

India

Enosh has good contracts for his sewing centres. Kiren Babu has a sick father that he is looking after, but has committed himself to send one of his team members to school to learn chicken farming. We will then set them up with a very large chicken farm.

Kaushik is a happy married man and managing our bases in a way we dreamed of. Again - thank You Jesus.

Outback Australia

Great joy in the outback as news has spread of the Apostolic Church agreeing that they are free to relate solely to Family Life Ministries without reference to any other denominational authorities. Again - thank You Jesus.

Brian and Margaret Gibson have joined our network and they have established themselves as an Apostolic ministry to the off-the-beaten-track towns and settlements in outback Qld and into the NT.

This is a vital ministry that must be encouraged, prayed for and supported financially.

They are presently in need of an all terrain caravan or mobile home, so as to stay on the job for longer distances and greater periods of time.

If you would want to put some dollars into this ministry, send it to By Faith Ministries PO Box 6400 Blacktown 2148 and mark it for Brian and Margaret Gibson. We will then make sure they get it.

Seasons Greetings to you all.

Live in wisdom, honour God totally and stay in love with each other.

We all love you all

The great team of Family Life Ministries Blacktown join me in sending our love.

Ray McMartin
